THE PROBLEM

Hostel problems need a clear path to resolution

The issue is rarely the first report. It is what happens after.

Students need one trusted place to report room, water, food, cleanliness, and safety issues.	**Officials** need the right context, the right department, and a live view of what is still open.	The project replaces scattered follow-ups with a trackable digital workflow.

Made with GAMMA

HOW IT WORKS

One complaint.
One accountable workflow.

From the hostel portal to a visible resolution.

Student submits

Student submits a complaint from the hostel portal.

Issue is routed

The issue is routed to the responsible department.

Officials act

Officials receive a notification and update the status.

Student tracks

The student tracks progress until the complaint is resolved.

Made with GAMMA

DESIGNED AROUND PEOPLE

Built around three people who need different things

One service, three views of the same resolution journey.

Hostel students

Simple reporting, photo evidence, live timeline, and repair confirmation.

Maintenance and service teams

Department queues, technician notes, and status updates.

Wardens and administration

Hostel-wide governance, escalations, notices, and audit visibility.

Made with GAMMA

WHAT YOU CAN REPORT

Every issue reaches the right desk.

Category-based routing reduces ambiguity and shortens the handoff from student to official.

Water

Leaks, no supply, low pressure

Maintenance

Repairs, fixtures, furniture

Food

Quality, variety, hygiene

Cleanliness

Rooms, common areas, waste

Electricity

Power cuts, lights, wiring

Security

Safety, access, incidents

Also covered: cupboards, bathrooms, rooms, dhobi, and other issues.

Made with GAMMA

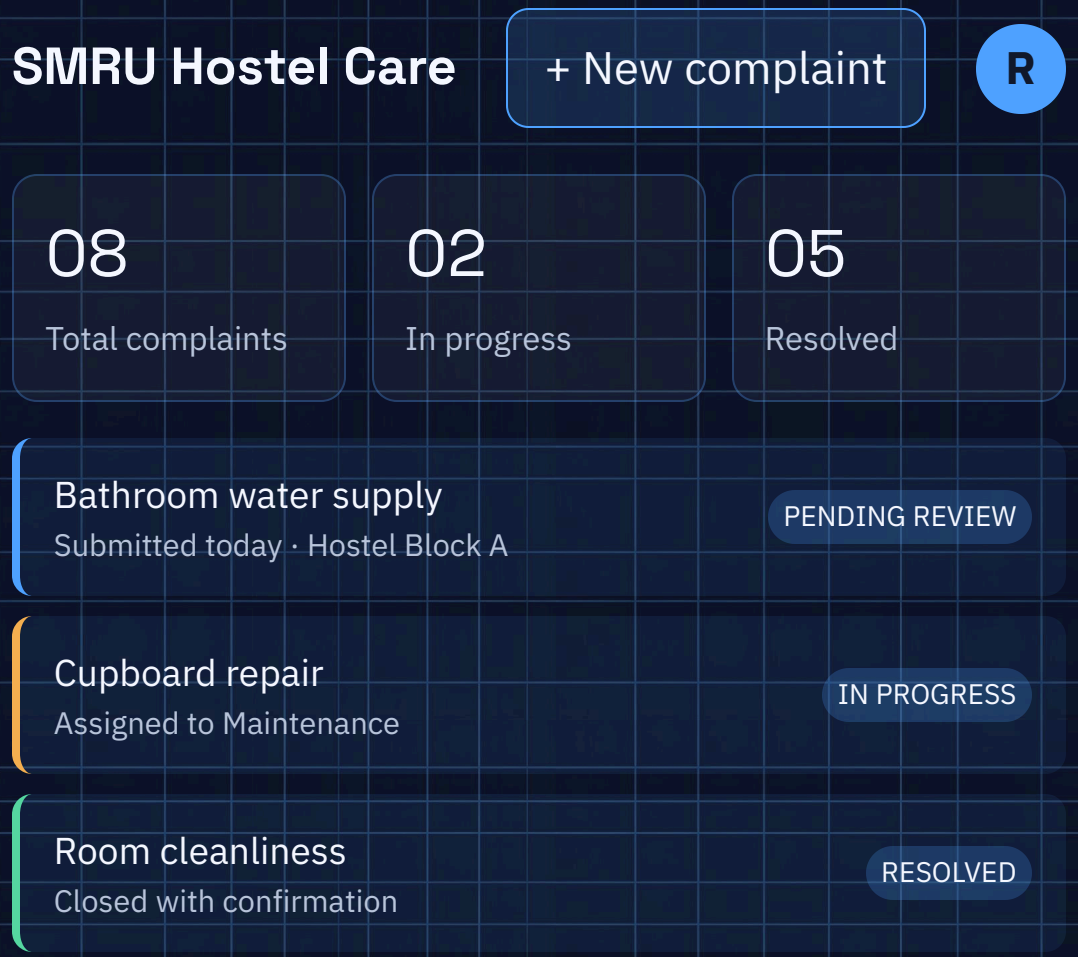

STUDENT VIEW

The student dashboard makes progress visible

A registered resident can submit a new complaint, see totals, and track pending review, in-progress, and resolved states.

LESS FOLLOW-UP

Clear status chips and a complaint history reduce repeated visits to the hostel office.

Made with GAMMA

OFFICIAL SIGNALS

Officials get the signal when action is needed.

Notifications turn a passive complaint box into an active service desk.

Department teams

Receive routed complaints with the context needed to act.

Wardens

Monitor hostel-wide issues, critical escalations, and notices.

Administration

Keep resolution records visible for governance and audit.

Made with GAMMA

ONE SHARED SYSTEM

Designed as a connected campus service

The portal connects students, authorized departments, and hostel administration in one shared system.

Shared system

Students, authorized departments, and hostel administration connect through one portal.

Service architecture

A 24/7 digital resolution desk, dedicated departments, and connected hostels.

Help close at hand

Announcements and Helpline & FAQ keep the same service journey close at hand.

Made with GAMMA

THE RESOLUTION JOURNEY

From report to resolution.

Real issues. Real action. A visible close to the loop.

Report

Capture the issue in a few focused steps.

SUBMITTED

Review

Confirm the complaint and route it.

IN PROGRESS

Work

Let the responsible team record progress.

ON TRACK

Resolve

Close the loop with the student.

COMPLETED

PROOF OF IMPACT

SMRU Hostel Care turns complaints into confidence

A faster, clearer, more accountable way to improve hostel life, one resolved issue at a time.

Next step: connect the notification and official dashboards to live hostel operations.

01 **Report** A student raises an issue.

02 **Signal** The right desk receives it.

03 **Action** Progress becomes visible.

04 **Confidence** The student knows it is resolved.
